

## 126 SEARS STREET

Karen Brummund

One Night Only  
Friday, April 1<sup>st</sup>, 2011  
8:15 pm-9:15 pm

126 Sears Street  
Ithaca, NY 14850

**FOR IMMEDIATE RELEASE:** Karen Brummund will create a new outdoor installation in the Fall Creek neighborhood of Ithaca, New York. This installation continues Brummund's series on Greek Revival architecture, which began at Waterburg Plaza in September 2010. The success of that event encouraged Brummund to produce another project in Tompkins County.

126 SEARS STREET transforms this historic home into a sculpture. The facade is lit up by a digital installation. The projection includes Brummund's videos about the architecture and drawings of the house by community members and artists. Together they encourage us to think about the buildings that frame our community. Can contemplation in public space lead to a community with more profound and sustainable actions?

Karen Brummund is a visual artist who makes architectural installations and videos that extend the role of drawing and question our perception of the environment. Recently, she received a light Work Grant in Photography to work with Pezo von Ellrichsauen Architects in Chile. This fall she made new work at a collegiate Gothic building in Rochester, a 1950s warehouse in Atlanta, a modern museum in Buffalo, and an old yacht club in Ireland. This summer she will work at Sculpture Space. Brummund received her Masters of Arts in Fine Arts from the University of East London and is a New York Foundations for the Arts 2010 Fellow in Architecture/Environmental Structures. For more information see [www.karenbrummund.com](http://www.karenbrummund.com).

For more information about submitting a drawing of 126 Sears Street see the attached flyer or <http://studio.karenbrummund.com/2011/03/participate-in-126-sears-street/>

This event is supported in part by the Experimental Television Center.

One Night Only, Friday, April 1<sup>st</sup>, 2011  
8:15pm-9:15pm

126 Sears Street, Ithaca, NY 14850

No parking is available directly at the installation. Please park on neighboring streets.
